

16th International Conference on Surfaces,
Coatings and Nanostructured Materials
www.nanosmat.org/special.html

SHORT BIO:

Salvatore Scirè is full professor in Industrial Chemistry at the Department of Chemical Sciences of University of Catania (UNICT). He is a member of the board of the PhD course in Chemistry at UNICT and of the National PhD course in Catalysis. Presently he is the vice-president of the Industrial Chemistry Division of the Italian Chemical Society (SCI).

His research activity is focused on heterogeneous catalysis and related fields. Special interest has been devoted to the application of catalysis to environment protection and sustainable energy production, also adopting photocatalytic and hybrid approaches.
